Re: Jesse Chalmers at Pro Start Construction LLC

To Whom It May Concern:

This letter is recommending the sales rep Jesse Chalmers and Pro Start Construction LLC. Pro Start Construction replaced my roof in the Spring of 2015 and Jesse was a consummate professional. He worked with my insurance company and their adjuster to get me the best deal and showed patience and determination when my insurance company dragged their feet. I can recommend Jesse highly and without reservation.

Jesse also worked closely with my wife to help her pick out the great looking shingles that were a significant upgrade over the previous shingles. His crew did a precision job and the work was done in a clean and timely manner. Jesse even showed up twice to check on his crew and the job they were doing.

Thanks Jesse and Pro Start Construction for an excellent experience!

Sincerely,
